

CARNEGIE INVESTMENT BANK

Internship / full-time position 2018

Carnegie is one of the leading investment banks in the Nordic region, with approximately 620 employees and operations in seven countries. The company has operated in Norway since 1990, and currently has 80 employees at its Oslo office. With its leading research capacity and top ranked corporate advisory, Carnegie has a central function in the Nordic and Norwegian capital markets.

Investment Banking

Carnegie Investment Banking offers professional advisory services within mergers and acquisitions (M&A), equity capital markets (ECM) transactions and debt capital markets (DCM) transactions. Carnegie has a long-established local presence, with a unique understanding and expertise concerning industries and equity markets in the Nordic region. Operations in Norway, Sweden, Denmark and Finland.

Securities

Carnegie Securities targets institutional clients and offers services within research, equity sales, sales trading and equity capital market transactions. Carnegie's top-ranked research and equity sales cover about 300 Nordic companies and enjoy a globally leading position in Nordic equities. Operations in Norway, Sweden, Denmark, Finland, the UK and the US.

Project Finance

Carnegie Project Finance arranges direct investment opportunities in real estate projects for investment companies, high-net-worth individuals, foundations and endowment funds as well as institutional investors. The projects are sourced through close collaboration with real estate brokers, property owners, developers and banks to achieve the highest possible risk-adjusted return for our investors.

We are searching for committed and motivated applicants with strong analytical skills and a genuine interest in finance for our Summer Internship, Off-Season Internship and full-time employment in 2018. We offer positions in the following departments at our Oslo office:

- Investment Banking
- Securities – Research
- Project Finance
